

BIOGRAPHY

Dommy Dean, is half German and half American and lives in Frankfurt/Germany, his real name is Dominic Dean Jung and he is 26 years old.

With his unique Sound he amazes and entertains his audiences since he first hit the turntables in 2007. His dedication for electronic music goes way out of the average. The listener gets enchanted, while then driven to ecstasy. He defines his style as a mixture of commercial and uncommercial deep, progressive and charts house and electronic music.

Dommy Dean started his career in 2007 on the Frankfurt club scene. During 2007-2009 he worked for Europe's biggest webradio for electronic music, he has a major time broadcast audience moderated with over 15.000 listeners. After being discovered by a lot of German promoters he tours all over Germany. Finally some provocative performances in 2010 catapulted him in a knowing ranking position in the DJ scene. And he has been involved in five productions known top single's. In just 2 years, he has received over 20.000 Facebook fans.
